

1. HAZARDOUS MATERIAL USAGE

1.1. The contractor shall establish a hazardous material (HM) storage and distribution system when HM is to be used. All HM required to support the contract shall be reported to the Hazardous Material Pharmacy (HMP) using the Contractor HM Identification Form. The Contractor HM Identification Form will be provided to the Contractor at or prior to the Pre-Construction meeting. Additional HM needed by the contractor shall be identified to the Contracting Officer's Representative for approval by the HMP. (See Attachment X)

1.2. The contractor planning to use HM for the work must register with the base HMP prior to start of work in order to support the installation's compliance with Executive Order 12856, **Federal Compliance with Right-to-Know Laws and Pollution Prevention Requirements**.

1.3. The contractor shall maintain Contractor HM Identification Form for HM on the job site for inspection/verification.

1.4. Contracting Officer's Representative will verify that the HM identified to HMP is the only HM in use on the job site.

1.5. Contractors shall provide the HMP:

1.5.1. A list of each material and quantity of material for all proposed HM.

Hazardous Material (HM) shall mean any item that is:

- a health hazard or physical hazard as defined in 29 CFR, 1910.1200(c).
- regulated in its disposal by EPA under 40 CFR.
- hazardous as defined by DOT regulations under 49 CFR.
- hazardous as defined by the Dangerous Goods Regulations of the International Air Transport Association.

1.5.2. A material safety data sheet (MSDS) for each item on the list.

1.6. The contractor shall establish his/her own HM storage and issue location that complies with federal, state and local environmental regulations. Materials issued shall be tracked for quantities used. Unused materials shall be inventoried and removed from the ANG installation prior to close out of the contract or expiration date of the HM. Reports of materials delivered, used and removed from the installation shall be submitted to the Contracting Officer monthly and prior to contract close out.

1.7. The contractor shall comply with all federal, state and local environmental standards.

1.8. The contractor shall accompany the Base Environmental Engineer (BEE) on project close out inspection to ensure all used/unused HM was removed from the installation.

ATTACHMENT X

Contractor Hazardous Material Identification Form

Date: _____

Part I

This part is to be completed by Contractor prior to start date, and shall be maintained on the job site.

Contractor Company: _____

Proposed work term: _____ to _____

Contractor Point of Contact: _____

Phone number: _____

HM to be used: MFG./Product	M.S.D.S. Attached	Quantity used	Disposal Procedures	Used/Unused material removed from ANG installation

Note: This form is good for a one-month period and is to be submitted to the hazardous material pharmacy (HMP). All HM (hazardous material) used thereafter will be identified to Contacting Officer's Representative for approval by the HMP. See Part II for Contractor close out procedures. HMP phone number is (804) 236-6230.

HMP Approval Signatures:

BEE (Base Environmental Officer) _____

ENV (Environmental Manager) _____

Safety Officer _____

Contractor HM Identification Form

(Close Out Procedures)

Part II

Attach this part to Part I
